Rising up for Social and Restorative Justice

Fall/Winter 2023

Dear Anti-Racist Friends,

The Caste Action Alliance (CAA) established the CAA Scholarship Fund in October 2021 to address the wide educational disparities Black youth experience in America as result of inter-generational, systemic inequities and inequalities.

“It’s such an honor to receive this scholarship. Once I receive my degree, my goal in life will be to help people overcome the effects of trauma, deal with mental illness, face mental health crisis, and achieve personal goals.”

— Johanna, Scholarship Recipient

Since 2022, CAA has raised \$22,100, helping 13 young people further their education. Our goal for 2024 is to raise \$20,000 to award 12 scholarships for the 2024-2025 school year.

Your donation can help us reach that goal and make a difference for students who are descendants of enslaved African Americans.

One of our 2023 scholarship recipients is Johanna. Johanna is a first-generation college student. She was awarded a CAA scholarship to help cover her tuition at UC Berkeley.

Please join us in contributing to the Caste Action Alliance Scholarship Fund.

Thank you for your consideration!
