Rising up for Social and Restorative Justice

Fall/Winter 2024

Dear Anti-racist Friends,

As you may know, the Caste Action Alliance (CAA) Scholarship Fund was established by CAA with the intention to do our part to address wide educational disparities experienced by Black youth in America resulting from inter-generational systemic inequities and inequalities. Since 2022, CAA has raised and awarded \$50,000 for 21 scholarships to Black youth.

Arianna, a CAA 2024 scholarship recipient

Your donation can help us reach that goal and make a difference for students who are descendants of enslaved African Americans.

Our goal is to raise \$30,000 for the 2024-2025 school year.

One of our scholarship recipients for 2024 is Arianna. She was awarded a CAA Scholarship to help cover her tuition at Alabama State University where she will pursue a degree in Marine Biology.

She holds a deep-seated passion for safeguarding the oceans and promoting global sustainability. Arianna shared, "The significance of this scholarship extends beyond individual aspirations; it plays a crucial role in alleviating the financial burden on my family."

Your support can make the difference for students like Arianna!

Thank you for your consideration,
Caste Action Alliance Members
